

# Orca body dead calf

## a heart-breaking journey

Tristan Castillo

her dead calf long, sad journey

orca whale released body dead calf carrying 17 days through

mother be called swimming without

her calf

behavior

whale watch

without calf last week

75 members mystery: Humans

have netted whales salmon through hunting lanes polluted

first live birth

pod 2015

love orcas

not let her calf sink to the bottom but rather balanced

dead baby doesn't want to let

go. She's not ready

two days after death still seen her baby to the water's surface

next day the weekend, next week next month
