

Right Now We What We Need

Daniel Walker

Splashing in the Ocean,
Smooth as glass.
But what lurks beneath?
Lots of creatures,
Who need clean water,
Who depend on humans,
In this circle of life.
Allow the splashing,
Encourage the mutualism,
Keep it clean.
And how you ask?
Be litter-free,
Be toxin-free,
Be kind.

It is what we need above and below the surface **RIGHT NOW.**
