

# Share. Respect. Protect.

Mackenzie Walker

It is what I do,  
I learned it long ago,  
To friends and family.  
Those three words,  
Powerful, like the Ocean,  
Also my friend.

For it is my highway to school,  
The ferry shares with other vessels,  
And the many animals beneath,  
Seals bop and whales eat,  
Fisherman find their dinner,  
Sharing.

Waves to play in,  
Waters to fish,  
Laughter filling the air,

But beware of the undertow,  
Respect.

Clean Oceans, healthy bodies,  
Essential for our lives,  
No toxins, no trash flowing in,  
Dangerous for all,  
Protect.
